of a Just Peace in Palestine-Israel.**

## **Mission Statement**

In discipleship of Christ, and in solidarity with churches and other partners in the Middle East as well as globally and in Canada, this Network covenants to engage, consolidate, nourish, and channel the energy in the United Church of Canada toward the goal of a just peace in Palestine/Israel, primarily through calling for an end to the Israeli occupation of Palestinian lands and for equal rights for all who live in Palestine/Israel, by facilitating education, promoting partnerships, coordinating advocacy, advancing policy and encouraging action.

## **Mandate**

UNJPPI (United Network for Justice and Peace in Palestine/Israel) is a grassroots network of United Church members and adherents, and other friends, which has been established to respond to the requests from leaders of Palestinian churches outlined in the Kairos Palestine Document (KPD). The Kairos Palestine Document eloquently describes the long-standing and worsening conditions faced by Palestinians living under the illegal Israeli occupation of the West Bank and Gaza. The Palestinian Christians urgently call on churches worldwide to come to the aid of Palestinians. It says that doing nothing is not an option and asks for action. UNJPPI seeks to raise awareness of the conditions of Palestinians under the illegal Israeli occupation and encourages action to pressure the state of Israel to end the occupation of and building of Israeli only settlements in Palestinian land.
